This vehicle history report is based on **information** (<https://www.carfax.ca/vehicle-history-data>) that was reported and available to CARFAX Canada as of **October 10, 2025** (or once all the data was collected from our data sources and the report was complete). CARFAX Canada draws on billions of data records from thousands of sources across North America, and we receive new historical data records every day. **There may be other information about this vehicle that has not been reported to CARFAX Canada.** When buying a used vehicle, we always recommend using a CARFAX Canada Vehicle History Report, along with a vehicle inspection and test drive, to make an informed decision.

Open Recalls

Recall #: R1607 | PTH LEF NV TX OCS NTB16-054 Recall Date: 2016 May 24

Recall Description

The Occupant Classification System (OCS) is designed to classify the size and weight of the front seat passenger and, under certain conditions, automatically turn OFF the passenger air bag. The OCS system is designed to only deploy the front passenger airbag when the front passenger seat is occupied by an adult. In the affected vehicles, the OCS software may incorrectly classify the passenger seat as empty when it is occupied by an adult. If the OCS does not detect an adult occupant in the passenger seat, the passenger airbag would be deactivated.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact NISSAN or visit [Nissan's website](https://www.nissanusa.com/recalls-vin.html). (https://www.nissanusa.com/recalls-vin.html)

Recall #: PC500 | PTHFNDER CVT INSP NTB16-120 Recall Date: 2016 Dec 21

Recall Description

This diagnostic software update will enhance the dealer's ability to better diagnose and service the CVT by including two new Diagnostic Trouble Codes (DTCs) and enhanced active test capabilities for CONSULT-III. In addition to the installation of diagnostic software, Nissan will also extend the warranty coverage on the CVT assembly (including internal CVT components, gaskets, and seals), CVT control valve body, and torque converter from its original duration of 60 months/60,000 miles to 84 months/84,000 miles (whichever occurs first). Coverage of other vehicle components remains unchanged, and all other terms, conditions, limitations and exclusions of Nissan's New Vehicle Limited Warranty continue to apply. This CVT warranty extension is being provided as a customer satisfaction effort to address customer concerns; including those concerns expressed by the plaintiffs in class action litigation, and is subject to final approval of the settlement of that litigation. Prior to final approval, Nissan will make any necessary repairs that would be covered under the extended CVT warranty.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact NISSAN or visit [Nissan's website](https://www.nissanusa.com/recalls-vin.html). (https://www.nissanusa.com/recalls-vin.html)

Recall #: PC786 | PTHFR STP LMP SWTH NTB21-003 Recall Date: 2021 Jan 29

Recall Description

Due to the location of the stop lamp switch on the brake pedal, a chattering condition may occur in the stop lamp relay. Under certain driving conditions, such as frequent stop-and-go driving with repeated brake pedal input, the chattering can degrade the relay contact service life.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact NISSAN or visit [Nissan's website](https://www.nissanusa.com/recalls-vin.html). (https://www.nissanusa.com/recalls-vin.html)

Recall #: R24C6 | PTH HD LTH FNL RPR NTB25-010 Recall Date: 2025 Feb 10

Recall Description

ON CERTAIN 2013-2016 PATHFINDER VEHICLES, DUST OR DIRT CONTAMINATION MAY ACCUMULATE ON AND AROUND THE SECONDARY LATCH LEVER PIVOT JOINT. OVER TIME, THE BUILD-UP OF CONTAMINATION, COMBINED WITH A LACK OF PROPER INSPECTION AND MAINTENANCE OF THE SECONDARY LATCH (AS DESCRIBED IN THE OWNER'S MANUAL), CAN CREATE MECHANICAL BINDING THAT COULD CAUSE THE LEVER TO REMAIN IN THE OPEN POSITION AFTER IT HAS BEEN DISENGAGED. IN ADDITION, THIS CONTAMINATION CAN SCRATCH THE SECONDARY LATCH'S PROTECTIVE ANTI-CORROSION COATING, ALLOWING CORROSION OF THE BARE METAL IN THE PIVOT JOINT.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact NISSAN or visit

Stolen Vehicle Check

CARFAX Canada One Owner™ Badge

The CARFAX Canada One Owner™ badge that is based on the registration information reported to CARFAX Canada. The badge is available for personal and commercial vehicles that have only been registered in the provinces of British Columbia, Alberta, Saskatchewan, Manitoba, Ontario, Quebec, Nova Scotia, New Brunswick, or PEI.

This vehicle history report is compiled from multiple data sources. It is not always possible for CARFAX Canada ULC or its source data providers to obtain complete information on any one vehicle. For example, there may be other title, brands, registrations, declarations, accident information, service records, recall information, odometer readings or other information where discrepancies that apply to this vehicle are not reflected in this report. CARFAX Canada and its source data providers receive data and information from external sources believed to be reliable, but no responsibility is assumed by CARFAX Canada, its source data providers or its agents for any errors, inaccuracies or omissions. The reports are provided strictly on an as-is where-is basis, and CARFAX Canada and its source data providers further expressly disclaim all warranties, express or implied, including any warranties of timeliness, accuracy, merchantability, merchantable quality or fitness for a particular purpose regarding this report or its contents. Neither CARFAX Canada nor any of its source data providers shall be liable for any losses, expenses or damages in connection with any report or any information contained within a report, including the accuracy thereof or any delay or failure to provide a report or any information. Other information about the vehicle that is the subject matter of this vehicle history report, including problems, may not have been reported to CARFAX Canada. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car. By obtaining, reviewing and/or using this vehicle history report, you agree to be bound by all of the terms and conditions in CARFAX Canada's Conditions of Use and any CARFAX Canada End User Licence Agreements as each may be amended from time to time by CARFAX Canada. <https://www.carfax.ca/about-carfax/privacy-legal/conditions-of-use>
